ASSETS OFFERED

# ASSETS WE OFFERED

## CRYPTOS

*We trade and invest in Cryptocurrencies on behalf of our investors. We select the top performing cryptos and determine their future values, so that we're able to minimize risks and maximize profits*

## REAL ESTATE

*Real estate trading is the wild side of real estate investment, with a yearly market cap of 326.5 trillion. Like day traders, who are distinct from buy-and-hold investors, real estate traders are an entirely different breed from buy-and-rent landlords.*

# ASSETS OFFERED

## FOREX

*We combine major currency pairs with exotic pairs, to obtain a portfolio of Forex assets that is volatile, liquid, and profitable at the same time. This is done to return a high ROI for investors.*

## METALS

*We have carefully selected special metals as well as commodities that have a reasonable market spread and movement, so that we can always win and fulfill our promise to investors.*

# ASSETS OFFERED

## FUTURES

*Our Futures portfolio is rich, well calculated, and properly hedged, such that if there erupts an unfavorable condition, we can cut losses and still break even in the trade. The goal is a net win.*

## OPTIONS

*Through investing in Options, we have taken full advantage of the sector of the market that is wholly technical, and not fundamental. Since they are synthetic, we can use AI to determine future results profitably.*
